## **Chemical Analysis/Toxic Agents**

### **Tasa ID: 5855070**

#### Description:

Retired Regents Professor of Chemistry and Distinguished Research Professor. Several patents and over 100 peer reviewed publications. Former Director of R/D with years of experience in energy and materials sciences. Retired Bird Colonel, U.S. Army, with over 30 years of military experience in toxic and hazardous materials. Listed for over 10 years in Who's Who in America and Who's Who in the World. Ph.D. in chemistry and M.B.E. in international economics.

## **Drilling & Plant Engineer**

### **Tasa ID: 2190940**

#### Description:

Designed and constructed vertical, directional, and horizontal wells for oil and gas production and environmental remediation, as well as horizontal bores for pipeline installations and utility crossings. Designed and fabricated components to improve efficiency of downhole tools. Performs numerous analyses to determine the mechanisms that cause failures of drill bits, downhole tools, tubulars, rig structure, assemblies, and components.

### **Tasa ID: 566191497**

#### Description:

Over 25 years of progressive responsibility managing and supervising marine, underwater and oil and gas plant facility and pipeline construction projects as both client and contractor. Demonstrated ability in constructability design reviews, authoring scopes of work, offshore and onshore construction and operational planning, work supervision, client representation and inspection, scheduling and cost estimating. Extensive experience in project management and field supervision.

### **Tasa ID: 24465960**

#### Description:

Naval Architect, Marine Engineer and Registered Professional Mechanical Engineer. Provides engineering services to maritime/admiralty attorneys, insurance groups, and government agencies regarding Casualty Investigation, Accident Reconstruction, Personal Injury & Latent Defects involving Commercial Vessels, Offshore Oil Equipment & Pleasure Vessels including Collisions/Allisions, Structural & Mechanical Failures, Slip/Fall. Extensive international experience in over 40 countries.

## **Environmental**

### **Tasa ID: 9787591693**

#### Description:

Geologist with 30 years of experience in the environmental field and oil industry. Has implemented environmental assessments and cleanups, as well as written extensively on environmental issues associated with oil drilling and remediation of oil spill leaks. A Repeat Fulbright Scholar Award Winner teaching environmental engineering workshops and an environmental assessment graduate class. Background includes bachelors and masters degrees in geology. Registered in several states.

### **Tasa ID: 84451437**

#### Description:

Thirty-five years experience. Served on three state coastal and oil spill task forces; extensive foreign experience; 125 publications in these fields; wrote numerous books; extensive consulting experience including court testimony, writing reports, site visits, etc., U.S and foreign. Ph.D. in Geological Oceanography, 15 yrs. as Professor of Research.

**Tasa ID: 806361704**

## Description:

A marine biologist with over 30 years of international experience documenting baseline biological conditions, surveying natural and artificial habitats, studying environmental impacts from coastal development, monitoring recreational and commercial uses of the ocean, preparing Essential Fish Habitat Assessments, evaluating underwater blasting plans, conducting Endangered Species Consultations, and developing restoration plans for lagoons and bays.

**Tasa ID: 1985661149**

## Description:

Certified Hazardous Materials Manager (CHMM) & Professional Engineer. Company Pres. & CEO. Degrees in civil, environmental & chem. engineering. Chair of numerous conferences. Author of many tech. publications and participated in complicated litigation matters. Qualified & experienced in all aspects of contam. release, compliance, environ. assessment, remediation, due diligence, soil & groundwater impact, fate & transport, geochemistry, hydrogeology, risk assess, cleanup strategies & costs

**Tasa ID: 338724619**

## Description:

Environmental chemistry expert with 40 years experience provides expert witness testimony for plaintiffs and defendants subjected to environmental litigation based on deficient data, inadequate quality assurance and quality control, poor sampling procedures, old methods, or previously accepted practices. This includes consulting to help plaintiffs and defendants strengthen their environmental analytical data submitted as evidence. 45+ years member in American Chemical Society.

**Public Health & Medical****Tasa ID: 39553677**

## Description:

Former Administrator of the Healthcare Specialty Practice of American Society of Engineers. My experience includes biomedical research, teaching, industrial hygiene, health and safety, and toxicology. Served as Director of Safety at a major hospital for more than ten years. Author of five books, and currently a consultant specializing in environmental health & safety and toxicology.

**Tasa ID: 441681851**
